## History

Not much is known about **Vosgmark** other than it used to be under the rule of an old man who used to be a brigand. One day one of his younger sons, Prince Melvin visited [Mahakam](#) and found a huge block of crystal that [Princess Renfri](#) had been turned into and the young prince paid a handsome fee for a mage to reverse the spell and then brought her back to his father's kingdom.

His father, who had heard of Shrike and her infamous plundering, interrogated the woman with his eldest son. However, this was a mistake as the next day, the eldest son was now in power, his parents and siblings having been killed off, and he'd taken [Renfri](#) as his favorite.

This didn't remain for long though. Shortly after a coup d'etat happened, Renfri, having lost her seat, left the kingdom.

## Notes
